RE: Notice of Violation and Order, Umetco
Mine Water Disposal
Number GW91-02

Dear Mr. Kovschak:

Per your request of March 16, 1992, the deadline for completion and operation of the treatment facility (NOV dated April 19, 1991, Order para 2a.) is extended to September 15, 1992 from the June 15, 1992 extension granted February 2, 1992. The extension is granted because the permit was issued on March 1, 1992, and the construction season is limited at the facility. If you have questions regarding these actions, please contact Mr. Robert P. Barnes at (801) 538-6146.

Sincerely,

Utah Water Quality Board
